State Aid Construction

Mr. Frank B. Grant,
Chairman Board of Selectmen,
Gilford.

Dear Sir:

Under State Aid Construction, the town of Gilford, in the year 1914, built two sections of gravel road.

The first, on the Lakeport and Alton Bay road, from a point near the Davis crossing, so called, easterly, where fifteen hundred and fifty feet was improved, at a cost of seventy-six and one-half cents per linear foot; on this section, the work consisted of widening and straightening, and surfacing with gravel; the rebuilding of a culvert, with cement stone sidewalls and a reinforced concrete top, and placing one corrugated metal culvert.

The other section improved was on the Gully road, so called, commencing at the Laconia line and extending easterly toward Gilford Village, about twelve hundred and fifty feet, at a cost of forty-four and one-half cents per linear foot; on this piece of work, the improvement consisted of widening and straightening and surfacing with gravel and the placing two metal culverts. Some grading was done ahead in addition, and a bad turn in the road near the residence of Mr. Hammond was materially improved.

The work was done by the town, under the direction of Road Agent C. A. Waldron, and at each location, it seems to me a substantial improvement of conditions has been made, at a reasonable cost.

Yours truly,

HARRY L. SMITH,
Division Engineer.

Library Report

To the Citizens of the Town of Gilford:

The undersigned, serving as trustees of the public library of this town, submit the following report.

The library now contains 2,463 volumes. Number of volumes added since the close of the last fiscal year, 76.

The librarian gives the following report: total number of books loaned, 2,462, classed thus: fiction, 1,731; general literature, 686; history, 8; poems, 37. Largest number loaned in any one day, 90; number of new names added to list of patrons, 8.

There is a large collection of books in the hands of the book-binder, which will require the most of the balance of money on hand.

It might be well to suggest here that upon borrowing the new books the advice of the book-binder be followed: "Place the volume on the back and as you open one or more leaves from the front, open as many from the back until you have reached the centre; never open a new book at the centre and throw the covers back unless wishing to break the binding."

This may not be new to anyone, yet in case of its saving one or more books from the book-binder, it means the addition of more good reading to the patrons.

We have been well pleased with the interest shown by the readers in suggesting the names of books that are desirable.

Our reading table is well supplied with copies of the latest magazines of the day, which is well patronized.

We still regret the lack of sufficient room.

Respectfully submitted,

ORMAN M. SANBORN,

LIZZIE A. JAMES,

HERMAN C. OLSEN,

Report of School Board.

In presenting our annual report to the citizens of the Gilford School district, we take pleasure in saying that the schools have been both successful and profitable during the past year.

We have endeavored to secure the services of experienced and competent teachers, have instructed them to be thorough and practical in the school room and our plan has been to retain their services as long as possible, if good work is accomplished.

We believe that the standing of a town depends more upon the kind of schools it maintains than upon any other factor. The school children of today, will, in a few years, be the men and women who will be called upon to conduct the affairs of the town. The number of schools supported during the past year have been nine of thirty weeks each. A school was opened in No. 6 in the spring, but closed again in the fall, there not being children enough for a school and the No. 6 school were conveyed to No. 1. In the fall a school was opened in No. 12 with nineteen scholars; this school has been closed since 1895.

Considerable repairs were necessary the past year. No. 12 school house has been extensively repaired. Repaired underpinning, sheathed, painted, varnished and papered inside, seats put in, new stove and chairs, glass set and closet remodeled. No. 8 school house was painted two coats inside and one outside and new cement steps at both doors. The closets have been remodeled in Nos. 5 and 9.

We wish to thank those who have kindly assisted us in our school work.

As required by law we submit the following to be assessed by the selectmen for the coming year:

School books and supplies	\$300.00
Flags and appurtenances	5.00
For tuition	425.00

Following is the statistical table, roll of perfect attendance and financial report of school board and treasurer:
